

REVIEW OF ATROCITIES IN THE PHILIPPINES

Part of the Report of General Miles to the Secretary of War Given to the Public.

Confirmation of Many of the Stories That Have Been Related From Time to Time.

WASHINGTON, April 27.—The war department today made public that portion of the report of General Miles which refers to the misconduct of officers and soldiers in the Philippines. Secretary Root has received several requests for this report, some of them from persons in Boston, who stated that it contained much matter that never had been brought out in the investigations. The secretary has held that such reports were confidential in order that the officer making them might be free to make such comments as he desired, but as it was learned that General Miles had no objection to the publication of the report, it has been made public with a brief comment by General Davis, judge advocate general, who has charge of all matters pertaining to the suits referred to in this portion of the report. The statements made by General Miles are the result of his tour of inspection in the Philippines last autumn and winter.

Complaints of the People.

General Miles' report on his Philippine observations is dated Feb. 19, 1903, and is addressed to the secretary of war. He says that in going from Calamba to Batangas in November last he noticed that the country appeared devastated and that the people were very much depressed. Stopping at Lipa he says a party of citizens headed by the acting presidente met him and stated that they desired to make complaint of harsh treatment of the people of that community, saying they had been concentrated in towns and had suffered great indignities. "That fifteen of their people had been tortured by what is known as the water torture. And that one man, a highly respected citizen, aged 65 years, named Vicente Luna, while suffering from the effects of the torture and unconscious, was dragged from his house which had been set on fire and thrown to death. They stated these atrocities were committed by a company of scouts under command of Lieutenant Hennessey, and that their people had been crowded into towns, 800 being crowded in one building." A doctor of the party said he was ready to testify that some of the 600 died from suffocation. General Miles says he looked at the building, which was one story in height, eight or twenty feet wide and possibly sixty or seventy feet long. He asked for a written statement to be forwarded him at Manila, but says he never received it, and adds:

Reports Confirmed.
"I have no reason to disbelieve their statements; in fact, instances of torture in the case of the man Luna having been tortured and burned to death are confirmed by other reports."
Concerning the failure to receive the statement, General Miles says: "Whether any influence was brought to bear to prevent their statement, either by persuasion or coercion, I am not prepared to say at the present time."
General Miles then refers to other cases, saying that on the island of Cebu it was reported and published in November, 1902, "that two officers, Captain Samuel, forty-fourth infantry, United States volunteers, and Lieutenant Foster, eighteenth infantry, had committed similar atrocities against the people of that island. It is also reported that at Laoag, on the island of Luzon, two natives were whipped to death. At Tacloban, Leyte, it was reported that Major Glenn ordered Lieutenant Catfield, Philippines scouts, to take eight prisoners out into the country, and that if they did not guide him to the camp of the insurgent Queen he was not to bring them back. It was stated that the men were taken out and that they either did not or could not do as directed. One of the men who had a son among the present captives, but the others were separated into two parties, numbering three or four, respectively, and while tied together were all murdered by being shot or bayoneted to death, committed in a knesling position at that time. The pretense was made that they were killed while attempting to escape, but so far as I know no official report was ever made of the circumstances. These facts have been reported by Major Watts, who investigated the case. Besides Lieutenant Catfield, civilian scouts Ramos, Preston, Corn and McKee were participants."

Water Torture Victims.

"At Calbayog, Samar, it was reported that several men in that district had been subjected to the water torture. I saw three men who had been subjected to this treatment. One was the vessel

I could not rise to my feet without fainting.

"I had suffered for three years or more at monthly periods," writes Miss Ella Sapp, of Jamestown, Guilford Co., N. C. "It seemed as though I would die with pains in my back and stomach. I could not rise to my feet at all without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better, had better appetite and slept better. Now I have taken two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and am happy to say I am entirely cured, and all done in two months' time when all other medicines had failed to do any good at all."

Dr. Pierce's Pleasant Pellets a pleasant and effective laxative for women.

COLONEL A. J. SMITH DEAD.
SYRACUSE, N. Y., April 27.—News has been received here of the death of Colonel Andrew J. Smith at Cochran, Colo. He was at one time a federal office holder in Montana and served as the soldiers' home at Leavenworth, Kan., and Low Angeles, Cal. For the past four years he had been inspector of the mines.

ENTERTAINMENT FOR THE SCHOOLS

Ladies' Literary Club Takes Up the Movement.

PARENTS WORK FOR FUNDS

MEET WITH VARYING SUCCESS IN THEIR EFFORTS.

An entertainment, the proceeds of which are to be used for the purpose of keeping open the public schools until the end of the term will be given in the Theatre in a few days. This decision was reached at a meeting yesterday afternoon of the home and education section of the Ladies' Literary Club. It is planned to give the entertainment as soon as possible, calling on the best musical and literary talent in the city to aid.

The different committees appointed to raise funds to keep the schools open are making very good success. Money is assured for the Wasatch school, but the Lowell, situated in the largest and wealthiest district in the city, is still \$500 short. Scant doubt is felt that the money will be raised as soon as the parents are roused to the situation.

The money is in sight for the Riverside school. The Fremont school secured the necessary amount some time ago. The patrons of the Grant, Whittier, Wasatch, Washington, Emerson and Summit schools have also secured their money, and good success is reported. No fear is felt that the money will be available for the Twelfth. The work of raising the money for the Ninth is now in progress.

Can Raise the Money.

The Jordan school has only one teacher in addition to the principal, and it is believed that, if necessary, the principal can handle the entire work. The money for the Twelfth is now in progress.

The amount necessary for the senior and junior grades and commercial course of the West Side High school is assured, and work is in progress to secure the balance to keep open the entire school. The money for the Bryant High school is being raised.

The Longfellow school still has \$127 to raise—about one-third of the total. The committees are at work and hope to raise the balance before the end of the week.

The patrons of the Jackson school have abandoned the attempt. This is a large district, containing very few who are well to do. Over \$1,000 was needed, and less than a third of this amount was raised. It had been intended to hold a mass meeting, raise as much as possible, and then appoint committees to solicit the balance, but the outlook was so discouraging that the following letter was sent yesterday to Principal William Bradford:

Abandon Jackson School.

"It is with regret that I have to say that I am thoroughly convinced, after doing some careful canvassing, that we could not succeed in obtaining enough funds in our district to keep the Jackson school open, so we have decided not to attempt to raise the money. I will pay if the others do." Others have responded, and now if all who have promised will keep their word, great aid will be given the cause.

Active in Quilch District.
At a meeting held yesterday afternoon in the Quilch school a committee was appointed to raise the \$1,500 necessary to keep the school open. There are twenty-six blocks in the district, and volunteers agreed to canvass each of these blocks. Joseph M. Cohen was appointed chairman of the committee.

Before adjournment \$257 had been contributed, the teachers giving \$50, or the equivalent of one day's pay. L. M. Qualtrough, the principal, giving \$10. A permanent organization of the parents and teachers was organized, with Mrs. Catherine Kimball secretary and C. H. McCoy treasurer. The teachers will report on Friday and tomorrow soliciting funds, and will report at a general meeting at the school at 3:30 o'clock tomorrow evening. A well attended meeting was held at the Franklin school last evening, and Mrs. Thompson, Mrs. Willard Fisher, Mrs. Folger and Mr. Worrall were appointed a committee to raise funds. The teachers in this building have agreed to contribute the full five weeks for four weeks' pay if that amount can be raised.

The patrons of the Wasatch school will give an entertainment in the First Congregational church to help raise the amount needed for that institution.

Hamilton School Meeting.

A well attended meeting was held last evening at the Hamilton school. Willard Dore presided and Principal W. W. Barton was secretary. It was brought out by Mr. Barton that \$200 was needed to keep the school open four weeks from May 4, and \$1,000 to keep it open five weeks. Of the amount \$200 has been raised by the tuition plan, and \$800 more was secured at the meeting. This leaves \$200 to be raised to maintain the school the full term. A soliciting committee was appointed, consisting of John Robinson, Ward Dore, Mrs. George Olds Orr, Mrs. T. W. Partridge, Mrs. J. T. Goble and Walter Scholes. The committee will report to another general meeting of the patrons of the school next Thursday evening.

Half Raised for Webster.

A meeting of the patrons of the Webster school last night disclosed the fact that only about half the necessary amount to keep the school open has been raised through subscription. The committee was appointed to solicit funds, and reported that they had raised \$800 of a necessary \$1,500. Of the amount raised the teachers had donated in the form of salaries \$175, leaving only \$625 raised by the patrons. The committee were instructed to continue their work of seeing if the remainder can possibly be raised.

Schools Closing Elsewhere.

Terms Ending in Southern Counties Because of Shortage.

Almost half the schools throughout the state will close on or before May 1 on account of lack of funds, according to a statement given out yesterday by State Superintendent of Public Instruction A. C. Nelson.

For several weeks past he has been receiving letters to that effect, so the final declaration of boards and trustees that they can no longer keep the schools going was no surprise to him.

In such cases all the schools will close

A TIME OF DANGER!

Thousands in Peril from Blood Diseases and Nerve Troubles Developed During the Winter Months.

PAINE'S CELERY COMPOUND

The Great Spring Blood Purifier, Nerve Bracer, and Health Builder.

Paine's Celery Compound is the wonder of the age! Its marvelous virtues are discussed amongst interested medical men, and its cures are talked of at every freckle.

As a spring health giver, Paine's Celery Compound stands far ahead of all other known remedies; it has no worthy competitor in the vast field of medicine. To a large extent the present popularity of Paine's Celery Compound is due to the fact that it has accomplished some of its most astonishing cures in the spring season—a time when men and women usually complain of ill health, loss of vitality, tired feelings, and when people feel dull, listless, despondent and ambitious.

Today there are thousands of business men, mechanics, farmers and dear wives and mothers, too, who, though able to walk around, are, nevertheless, sadly "out of health."

At this season Paine's Celery Compound is the great health restorer and strength giver for the "out of health" people—for those who are seriously suffering from organic disease. Paine's Celery Compound, used at once, will quickly remove every trace of poison from the blood, brace up the weak nerves, build up the tissues, and tone the digestive organs.

If you, dear reader, feel that your health is not as robust and vigorous as it should be, let us honestly suggest the use of Paine's Celery Compound, that has so wonderfully blessed your neighbors. It is a true assurance, "it makes sick people well."

On May 1, and half of those in Wasatch county on the same day at St. George, they have all suspended. Likewise throughout Kane and Washington counties. At Cedar City the schools will close on Friday.

FOUND DEAD IN BED.

Butte, Mont., April 27.—A Livingston dispatch to the Intermountain says Dwight L. Wing, banker and broker of Chicago, was found dead in bed here this morning at the Albemarle hotel. He had just purchased a new place in Englewood, and was here to superintend starting the work. He has relatives in Peoria, Ill., and Chicago, who have been notified. The deceased was a member of the firm of S. E. Wing & Co. of Chicago, Philadelphia and New York.

BIG MONTANA FIRE.

Helena, Mont., April 27.—Fire tonight almost totally destroyed the Montana Club building, entailing a loss of \$100,000, with insurance of \$5,000. It started in the sixth story and is supposed to have been of incendiary origin. Two attempts were made to burn the building last week. The fire is now under control.

TROUBLE WITH FRENCH MONKS

Rioting Caused by Dispersal of the Congregations.

SEVERAL PITCHED BATTLES

MANY PEOPLE INJURED—TROOPS PRESERVING ORDER.

Paris, April 27.—Crowds made demonstrations at different points today over the dispersal of the congregations. The latest dispatches from the provinces indicate that the trouble is becoming more serious.

This afternoon the disturbance at Mar-seilles around the Capuchin convent broke out again with much violence, owing to the attempt of a party of Orléans fathers to visit the convent in which the Capuchins had barricaded themselves, refusing admittance to the officials. The sight of the visitors aroused the anger of the enemies of the congregations and an attack was made. Clergical hastened to the assistance of the fathers and a pitched battle between the two parties followed. Sticks and stones were used freely and injuries were inflicted upon many persons, among whom were two women, while others were thrown from windows.

The police finally rescued the Orléans fathers and the fighting ceased. A crowd of 2,000 persons, however, remained in the neighborhood of the convent, expressing their sympathy against the monks until dark, when the police at last succeeded in dispersing them.

The monks at La Roche sur Foron were arrested today. A strong force of infantry and cavalry surrounded the monastery and held the crowd of angry peasants in check while the door of the building was battered in. The monks offered no resistance and were placed in prison at Bonneville.

At Nantes today seven Capuchins were sent by the court to pay small fines for refusing to close and leave their convent. A crowd of 2,000 persons escorted

the Capuchins from the court, cheering them and shouting "Long live the brothers, and 'Long live liberty.'"

The Benedictines at Landerneau, who caused trouble yesterday, were dispersed today and the officials locked up their convent. A company of infantry preserved order.

At Annecy a Capuchin establishment was closed and the members of that order were arrested for resisting the authorities. A squadron of dragoons preserved order.

The Venettes Capuchin monastery was closed after a skirmish between a man, a priest and the officials, who were escorted by a brigade of gendarmes and a squadron of dragoons. Many arrests were made by the civil and military authorities. The latter strongly guarded the streets surrounding the establishment.

BOY GETS DAMAGES
The Buckwater damage suit against the Consolidated Railway & Power company came to an unexpected termination yesterday in Judge Stewart's court by the attorneys for the corporation announcing that they were willing to make a settlement with the plaintiff for \$1,250 and costs. The proposition was immediately accepted and the case dismissed.

Before the attorneys for the plaintiff had an opportunity to state their case after the jury had been sworn, the defense made its proposition to settle, which was accepted.

The plaintiff was F. E. Buckwater, a schoolboy, who was injured while going to school last February. While riding on a crowded car he was knocked off by a telephone pole near the intersection of Third South and Main streets. He received severe injuries and sued for \$10,000.

Two Divorces Granted.
Two divorces were granted yesterday by Judge W. C. Hall in the probate division of the district court. Marie Manca asked separation from Louis Manca on the grounds of failure to supply her with necessities of life. They were married at St. Louis on Feb. 12, 1900. Both are now residents of Salt Lake.

Desertion were the grounds upon which Mangus L. Lovendahl was divorced from

Rebecca Lovendahl, whom he married on June 24, 1896.

To Cure a Cold in One Day
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box, 25c.

Pale People

whose tissues are pining for the strengthening and building comfort of rich, thick blood, should bear in mind that

Ozomulsion

will give them just what they need.

That transparent blue skin, or the yellowish, dirty pallor, so often seen, are very dangerous signs.

Blood is life. Make it with Ozomulsion, the only vitalized emulsion of pure cod liver oil with gualacol and the hypophosphites of lime and soda.

Begin today. Get it at your druggist's.

In order that you may test the merits of Ozomulsion, send your name and full address to
